Chorus.

If I only could decide

But I can't make up my mind

I'm breaking all my rules because of you

You can tell me it's not right

And it tears me up inside

But the problem is I'm so in love with two

My number one, there could never be no one like you

How come I feel this way about

My number two, never tried told me what to say or do

I'm so in love with two

Bridge.

I don't wanna push it

I don't wanna fight

But this feeling keeps me up all night

Repeat Chorus.

Hey yeah, hey yeah, hey yeah hey hey

I don't know what to do

Hey yeah, hey yeah, hey yeah hey hey

I'll choose the both of you

My number one, you're giving me everything I need

But some things still are better with

My number two,he's the one that really makes me feel
so good

I'm so in love with two

Repeat Bridge & Chorus.

Hey yeah,hey yeah,hey yeah hey hey

I don't know what to do

Hey yeah,hey yeah,hey yeah hey hey

I'll choose the both of you

Don't wanna fight, another night

Just wanna make it right

C'mon

Ooh my number one,oh my number two,oh

Somebody tell me what' I'm suppose to do

My number one (my number one)

My number two (my number two)

Somebody help me

I'm so in love with two

Repeat Chorus.

Hey yeah,hey yeah,hey yeah hey hey

I'll choose the both of you
