Standing here again  
In the fairy tale of life  
Up and down and we go  
Right now I'm feeling low  
Staring at the wall  
I feel nothing at all  
Nothing at all  
La da da da  
La da da da

Is there something to be said  
For the scarifice I made  
The voices in my head  
Are telling me it's time to go  
Somewhere anywhere  
It's the choices that I made  
Choices that I made  
La da da da  
La da da da

With words and space and time  
Just here and now is all we are  
It's all we are

Stand around and wait  
For it all to come my way  
But still to my surprise  
I choose to carry on  
There's a mountain up ahead  
It's the choices that I made  
The choices that I made  
La da da da  
La da da da

With words and space and time  
Just here and now is all we are  
It's all we are

I see the change is coming  
I see a new horizion  
I know the door is open

With words and space and time  
Just here and now is all we are  
With words and space and time  
Just here and now is all we are  
It's all we are  
La da da da  
La da da da
