Rolling
With the tide
Amy floats downstream;
Now she
Dreams of me
Amen

Bad men
Over there
Shot my daddy down.
Nothing
I could do
Amen

Hey,
Everybody
Look away from the screen
Look away while Amy floats downstream

Hey,
Everybody
Look away from the screen
Look away while Amy floats downstream

After
Nights of fear
Georgie went away,
Ooh, it's
Lonely now,
Amen

Rolling
With the tide
Amy floats downstream;
Now she
Dreams of me
Amen

Hey,
Everybody

Look away from the screen
Look away while Amy floats downstream

Hey,
Everybody
Look away from the screen
Look away while Amy floats downstream

Everywhere you go
Nobody wants to know, or
Gives a damn
Looking
Away, pretending
Not to see,
Darling...

Rest there
While you can
All the pain is gone,
No more
Days like these,
Amen

Hey,
Everybody
Look away from the screen
Look away while Amy floats downstream

Hey,
Everybody
Look away from the screen
Look away while Amy floats downstream
