Azalea she likes the colour green
Azalea she shines when she smiles

It's just in the way you turn and you smile
It's perfect tonight
Just in the way your eyes radiate
You're my butterfly

Hypnotize me, I'm numb and I can't speak
Adrenalize me, you put needles in my knees

It's just in the way you turn and you smile
It's perfect tonight
Just in the way your eyes radiate
You're my butterfly

She's waiting
She's hoping
Now she's fading

Please forgive me
For the things I've never seen
Azalea you're my beautiful mistake

It's just in the way you turn and you smile
It's perfect tonight
Just in the way your eyes radiate
You're my butterfly
