Build your castle
You sit there and wonder why
You run from Eden
Then you wake up in paradise
Are you comfortable
The illusion starts to fade

I am everyman
(I am I am)
I am everyman
(I am I am)
I have become everyman

Burst your bubble
Then you step out into the outside
You polish you spirit
Then you leave it there
On the inside
The path your looking for
Is right below your toes

I am everyman
(I am I am)
I am everyman
(I am I am)
I have become everyman

And the mystery is waiting
And the mystery is fading
I keep searching high
Searching high

Are you comfortable
The illusion starts to fade
Starts to fade

I am everyman
(I am I am)
I am everyman
(I am I am)
I have become everyman
(I am I am)

(I am I am)
