"Go"

Whether you go or whether you stay
You don't even know where you belong
You've got in the game with the poets and clowns
They all surround you no one knows you

Go where you want to
Go where you need to
Go where you have to
Don't ever follow

This could be so
This could be so
This could be so wonderful

Don't let them know they'll swallow you whole
They'll watch you drown and watch you wither
There's no guarantees no silver or gold
A revolution rises inside

Go where you want to
Go where you need to
Go where you have to
Don't ever follow

This could be so
This could be so
This could be so wonderful

I will miss you when you're gone
I will miss you when you're gone
When you're gone away
Gone, gone

Go where you want to
Go where you need to
Go where you have to
Don't ever follow

This could be so
This could be so
This could be so wonderful
Wonderful

Wonderful
