I can't wait to get you by my side so you can -touch me

Oh how I need you so much.
My body calls out please come and touch me.
Too long since I've had some
I need to feel your touch.

Verse 1

Carving your touch...
Saving my love for the next time
I'm yours-you're mine.
Baby, we'll be exciting when we meet up that night, two
sparks ignite.
It's funny how a week seems like eternity.
I want to feel you near.
Can you get here?

Chorus

Oh how I need you so much.
My body calls out please come and touch me.
Too long since I've had some
I need to feel your touch.

Verse 2

Can't wait 'till we're skin on skin.
Face to face and heartbeats racing.
Subway, taxi, airplane or limousine.
Pick one oh anyone.
Come see about me.
It's funny how a week semms like eternity.
I want to feel you near.
Can yu get here?

Chorus

Oh how I need you so much.
My body calls out please come and touch me.
Too long since I've had some
I need to feel your touch.

A phone call won't do... no!
I need much more than just to hear from you.
Sleeping by myself, it just ain't cool.No...

My body's aching baby and the cure is you.

Chorus

Oh how I need you so much.
My body calls out please come and touch me.
Too long since I've had some
I need to feel your touch.

Oh how I need you so much.
My body calls out please come and touch me.
Too long since I've had some
I need to feel your touch.

(Whispers)

It's been too long.
It feels like eternity.
I need to feel you baby.
Come and... touch me.
