Remember when you said that you thought I was sweet
And I thought about you all the way into the next week
Remember when we danced and you feel asleep
With your head on my shoulder
At least it felt like that to me

I tried not to stare
But the color in your eyes
Was nothing like I had ever seen before
And the story of your smile
Is all I wish I knew
Cause all I know for sure is I do think I could feel you

Remember when we talked on the phone that night
about everything
About nothing all at the same time
Remember when I said something that made you laugh
And it sounded like the angels were singing out from
heaven

I tried not to hear but the music in your voice
Was nothing like I had ever heard before
And the story of your smile
Is all I wish I knew
Cause all I know for sure is I do think you are beautiful

Remember when you said that we could still be friends
And I thought about you every single night and every
single day since then

I tried not to dwell but the emptiness inside
Was nothing like I had ever felt before
And the story of your smile
Is all I wish I knew
Cause all I know for sure is I do think I could feel you
