We are lover through and through  
Though we made it through the storm  
I really want you to realize  
I really want to put you on  
I've been searching for someone to satisfy my every  
need, won't you be my inspiration,  
Be the real love that I need  
Real love, I'm searching for a real love  
Someone to set my heart free  
Real love, I'm searching for a real love  
When I met you I just knew that you would take my  
heart and run but you told me how you felt for me  
You said i'm not the one so I slowly came to see  
All the things that you are made of  
And I find my dreams and inspirations lead me toward  
a real love  
Real love, I'm searching for a real love  
Someone to set my heart free  
Real love, I'm searching for a real love  
And i thought you were the answer to the question in  
my mind  
And i thought you were the answer to the question in  
my mind  
What does it mean, what can you do about it, what can  
you say, don't even know about it. It's a nightmare, it's  
all negative, nothing matters and what if it did you  
could lock your doors close all your windows and hide  
away, hide away.  
Real love, i'm searching for a real love  
Someone to set my heart free  
Real love, i'm searching for a real love  
Someone to set my heart free  
Someone to set my heart free  
Someone to set my heart free  
Someone to set my heart free  
Someone to set my heart free
