Hello,

I know a groovy place deep within your mind
Every such a groovy place has been there since the
dawn of time,
Take a ride don't try to hide, the love light in your eyes,
Look inside and you may find, you're only the paradise

(Chorus)

There is a place
A groovy place where we can sing and dance and enjoy
an evening meal,
Where you can be yourself and do just what you feel,
Oh baby take my hand cuz life is so unreal

Now you've got a groovy place you keep it under your
clothes,
A sexy kinda groovy place from your head down to
your toes,
It's kinda of a fool around my friend and play that
single scene
Don't worry if you're a different shade from the chicks
in the magazine.

There is a place
A groovy place where we can sing and dance and enjoy
an evening meal,
Where you can be yourself and do just what you feel,
Oh baby take my hand cuz life can be unreal.

Now I know a groovy place it's right under your nose
It's ever such a groovy place it's where the trees and
the flowers grow
Take time for moving things
And they'll make time for you
The birds and the bees and the butterflies
Hey they've got feelings too

There is a place,
A groovy place where we can sing and dance and enjoy
an evening meal,

Where you can be yourself and do just what you feel
Oh baby take my hand cuz life is so unreal.

La la la la...
