Baby, when I'm falling asleep
I think about you, do you think about me?
Tell me if you wanna get close
Closer to the fire, closer to me

I could be your morning star
If only we could have one night alone
I'm sick of sitting by myself
Waiting by the telephone

Ooo, let me be the one you call when you go down
Boy, I'll pick you up and give you the love
You gave me the life in the full moon light
Don't you wanna gimme tonight?

Ooo, shine on me and help me catch the morning star
Boy, I'll pick you up and give you the love
You gave me the life in the full moon light
Don't you wanna gimme tonight?

In case you ever wonder 'bout me
I'm still here, don't be shy
I'm thinkin' 'bout you
Baby, what will it be? Tell me you're right

I could be your morning star
You never even gave it half a chance
I'm sick of sitting by myself
Waiting for the final dance

Ooo, let me be the one you call when you go down
Boy, I'll pick you up and give you the love
You gave me the life in the full moon light
Don't you wanna gimme tonight?

Ooo, shine on me and help me catch the morning star
Boy, I'll pick you up and give you the love
You gave me the life in the full moon light
Don't you wanna gimme tonight?

Ooo, let me be the one you call
Boy, I'll pick you up and give you the love

You gave me the life in the full moon light

Ooo, shine on me and help me catch
Boy, I'll pick you up and give you the love
You gave me the life in the full moon light

Ooo, let me be the one you call when you go down
Boy, I'll pick you up and give you the love
You gave me the life in the full moon light
Don't you wanna gimme tonight?

Ooo, shine on me and help me catch the morning star
Boy, I'll pick you up and give you the love
You gave me the life in the full moon light
Don't you wanna gimme tonight?
