We all made it together now we're looking back

It was the best of times, the worst of times, an age of
reason with a rage for rhymes
Sound and fury, sounds of silence, cries for peace
amidst the violence
Black and white issues and de-segregation, fear and
loathing in the Woodstock nation
Stormy seas and sunny skies above, now we're looking
back, looking back with love
Looking back, ooh looking back with love, looking back
yeah

Good vibrations, assassinations, losing leaders never
knowing why
Demonstrations, battle stations, times to laugh and
times to cry
Record destruction, cosmic creation, talking 'bout my
generation
Hungry hearts and a peaceful dove, now we're looking
back, looking back with love
Looking back, ooh looking back with love, looking back
with love
We all made it together now we're looking back

Soulful sounds from the motor city, California girls now
are sure looking pretty
Two girls for every boy
British invasion with the Mersey beat, Mods, Rockers
dancing in a Liverpool street
Yeah, yeah, yeah
Aquarian age running helter-skelter, frightened fans
singing gimme gimme shelter
Bitter-sweet reflections that we're thinking of, now
we're looking back, looking back with love
Looking back, ooh looking back with love
Looking back with love, we all made it together now
we're looking back
Looking back with love, we all made it together now
we're looking back
Looking back with love, we all made it together now
we're looking back
