You're diamonds keep shining and bringing you luck,  
love is a long shot you know  
Down in the valley, deep in the ruts where the wild  
flowers grow  
There's a sound so sincere,  
when you find it my dear your eyes will rain tears on  
the snow  
When the sun shines down on the white ground it turns  
into water and flows

You know I'll come callin' when the snow stops fallin'  
and the water starts runnin' down stream  
And I have been recallin' the moment I met you like  
a moment inside of a dream  
A dream that I just can't wake myself up from,  
I'm not really sure I would want to  
'Cuz I would not care if it did not compare to the  
love that I feel when I'm with you  
Like water running into the blue

Well it's all flown by in the blink of an eye and I  
wonder if I could let you  
See from my view straight into you,  
after all we've been through I would bet you  
You would see love beyond and above, above any  
doubt that regrets you  
You gave me your all to stand and not fall and forget  
them all that forget you
