I've been out there in this wicked world
And it pulls me under sometimes
And I can't say I've had many days
That it has not messed with my mind

Chorus:

Everybody's searching for the end of the rainbow
I'm just trying to smell the rain
And every joy it seems to be wrapped up in sorrow
Behind every pleasure there's been a touch of pain
But I will remain

Highs and lows
Ups and downs
Heavenly highs and crashing grounds
But you walk a mile in my worn out shoes
Walk yourself right through my blues

Repeat Chorus 2X
