I don't want to be a doctor  
There are things I need to share  
Can you treat me like a person?  
There are things I need to share

I want you to love me  
Sharing all your love with me  
Sorry, I can't be your Asian prodigy

I don't want to be a lawyer  
There are things I need to share  
Can you treat me like a person?  
There are things I need to share

I want you to love me  
Sharing all your love with me  
Sorry, I can't be your Asian prodigy

I have thoughts on my mind  
There are things I need to share
