The politics are boring  
and the sound you hear is snoring,  
a view encouraged by the status quo of all we know.  
The fire used to burn the flag are left to use for gritty  
rags,  
and all the world will see the news and smile in despair.

The feminists are marching with their fists raised in the  
air,  
Palastein is free but we forgot to tell Israel.  
The Mormons ride their bikes in ties and Christians sing  
a song,  
and the Muslims in the Holy land are possible to see.

I'm just a stranger in a strange, strange land,  
and I've got many things to say.  
I'm just a stranger in a strange, strange land,  
and you, and me, and everybody will see.  
Come on now, blue marble, I've got something to say.  
Come on now, blue marble, I've got something to say.

The world's a big blue marble that I'd like to share with  
you,  
The world's a big blue marble that I'd like to share with  
you.

The bombs are dropping faster and the trees are  
falling down,  
and the members of democracy are counting just on  
me.  
If we could be the death of you, then man would fall  
asleep,  
but we owe the world a second chance to swallow all  
our greed.

The feminists are marching with their fists raised in the  
air,  
Palastein is free but we for got to tell Is rael.  
The Mormons ride their bikes in ties and Christians sing  
a song,  
and the Muslims in the Holy land are possible to see.

I'm just a stranger in a strange, strange land,  
and I've got many things to say.  
I'm just a stranger in a strange, strange land,  
and you, and me, and everybody will see.  
Come on now, blue marble, I've got something to say.  
Come on now, blue marble, I've got something to say.

The worlds a big blue marble that I'd like to share with  
you,  
The worlds a big blue marble that I'd like to share with  
you.
