I'm running at the mouth again  
I just can't seem to find the moment  
Oh but now I see the light  
Talking to your shadow  
This is only an attempt at me

I'm holding onto this one thing  
It could take a while to pull me back together  
But i don't want to die  
Without any lies  
(I got away with)

Let's get down to business  
I know you said  
We'll never amount to much  
Well I was bankin; on you're wrong  
It took us too long

You could get away with murder  
When you wear that dress so tight  
Oh I noticed  
You were waiting on another  
But I've been holding your place  
Soon I'm going  
You're just a pretty face

I'm holding onto this one thing  
It could take a while to pull me back together  
But I don't want to die  
Without any lies  
(I got away with)

Let's get down to business  
I know you said  
We'll never amount to much  
Well I was bankin' on you're wrong  
It took us too long

Now you say this is only  
This is only one more time for us to fail  
Now you say this is only  
This is only one more time for failure

I'm holding onto this one thing  
It could take a while to pull me back together  
But I don't want to die  
Without any lies  
(I got away with)

Let's get down to business  
I know you said  
We'll never amount to much  
Well I was bankin' on you're wrong  
It took us too long
