Verse I:

It's another 4th of July
Fireworks dancin' in the sky
Red, white & blue.
Me and you.
Evening slips into the night
Aint we got it good
Aint we got it great
Livin' here in the USA
Let's don't forget:

Chorus I

All of the faces and the places where they fought and
died
Brave young soldiers who gave their all for you and I
Daddy's girls and momma's boys who will never come
back home
Their names we will remember but they're forever gone
They died out in the desert, in the air on land and sea
They gave their all so we could keep this great country
free.
They died for you and me

Verse II:

Any true American knows freedom isn't really free.
Living or lost, they paid the cost, buying precious
liberty.
Aint we got it good
Aint we got it great
We salute America's best
Hear me when I say

Chorus II:

Remember the faces and the places where they fought
and died
Brave young soldiers who gave their all for you and I
Daddy's girls and momma's boys who will never come
back home
Their names we will remember but they're forever gone
They died out in the desert, in the air on land and sea
They gave their all so we could keep this great country
free.
