Once I throw on this, once I throw on this
Its over girl
Once I throw on this, once I throw on this
Its over girl.

I hear you knock knock baby come on up
I hope you got got got something in yo' cup
Cause im three shots deep and I aint tryna sleep
Put your redbull on cause im ready

You've been playin naughty getting with me all night
We both know exactly what you want right
Tell me what you want though
Tell me what you gon' do whatchu gon' do

Once I throw on this bowchickawowwow
Whatchu gonna say
You act like you gon leave
But I know you gon' stay
Down dicky downdown
Girl dont even play
Once I set the mood right you gon' sound like

Ima make you sound like

Are you tryna make me late wait wait till the second day
But I cant cant cant even comtemplate
Waiting one more minute lemme jump in it
I brought chu flowers and a teddy

You've been playin naughty getting with me all night
We both know exactly what you want right
Tell me what you want though
Tell me what you gon' do whatchu gon' do

Once I throw on this bowchickawowwow
Whatchu gonna say
You act like you gon leave
But I know you gon' stay
Down dicky downdown
Girl dont even play
Once I set the mood right you gon' sound like

Yeah I can make you sound like

Now I aint even gotta say shit
To make you feel alive girl you know you like that
Owohowohowowoh
Say I aint even gotta say shit
To make you feel alive girl you know you like that
Owohowohowowoh

Once I throw on this bowchickawowwow
Whatchu gonna say
You act like you gon leave
But I know you gon' stay
Down dicky downdown
Girl dont even play
Once I set the mood right you gon' sound like

Yeah ima ima make ya

Once I throw on this, once I throw on this
Its over girl
Once I throw on this,once I throw on this
