Come on  
Ready, one, two

Let's go back, I know it's been a minute  
But I can do it better than I did when I did it  
You were loving me, I was loving you  
You can come over and we can have d@j vu  
We can have d@j vu, you can come over and

Probably gonna compliment your hairdo  
Right before we mess that shit all up  
I used to keep you out way pass your curfew  
Look at me now, I'm all grown up

She was reminiscing in her mind  
I'm just trying make up for lost time  
Don't be acting nervous  
'Cause we've been here before

Let's go back, I know it's been a minute  
But I can do it better than I did when I did it  
You were loving me, I was loving you  
You can come over and we can have d@j vu  
We can have d@j vu, you can come over and

I'm probably gonna compliment your outfit  
Right before you take that shit all off  
Remember we would sneak out of our houses  
Look at us now, we're all grown up

She was reminiscing in her mind  
I'm just trying make up for lost time  
Don't be acting nervous  
'Cause we've been here before

Let's go back, I know it's been a minute  
But I can do it better than I did when I did it  
You were loving me, I was loving you  
You can come over and we can have d@j vu  
We can have d@j vu, you can come over and

Nothing much has changed, you still feel the same

And don't pretend like you don't want to like I do  
I know you think about what can we feel like now  
Come over, let's make a new memory, ooh

Let's go back, I know it's been a minute  
But I can do it better than I did when I did it  
You were loving me, I was loving you  
You can come over and we can have d'ja vu  
We can have d'ja vu, you can come over and
