Standing in the dark with the flashlight
Pretending it's the sun
You've been throwing rocks at the castle
But the king's not home.

Chorus:

When the walls come tumbling down,
it's gonna make it go away
When the walls come tumbling down,
it's gonna make it okay

Standing in the fire with the a peacoat
Pretending that is cold
You've been throwing rocks at the castle,
But the king's too tired

Chorus:

When the walls come tumbling down,
it's gonna make it go away
When the walls come tumbling down,
it's gonna make it okay
well okay

Even when I'm gone away, you will always hear my
echo (echo)
Even when I'm gone away, you will always hear my
echo (echo)
Even when I'm gone away, you will always hear my
echo (echo)
Even when I'm gone away

Chorus:

When the walls come tumbling down,
it's gonna make it go away
When the walls come tumbling down,
it's gonna make it okay
well okay

Even when I'm gone away, you will always hear my
echo (echo)
Even when I'm gone away, you will always hear my
echo (echo)

Even when I'm gone away, you will always hear my
echo (echo)
Even when I'm gone away you will always hear my echo
