Bitch your windows roll down and your hair is pulled back
Bitch you got no idea that you're going too fast
You're trying not to think about what went wrong
You're trying not to stop until you get where you're going
You're tryin to stay away so I bet you turn on the radio
And the song goes..

I can't live without you, I can never doubt you baby
I can't never doubt you, I can't never doubt you baby,
baby

Chorus:

The highway won't roll you tonight
The highway don't know you're alive
The highway don't care if you're all alone
But I do, I do.
The highway won't dry your tears,
The highway don't need you here,
The highway don't care if you're coming home
But I do, I do.

Hey!

But you got it there so phone and your shot gun's here
And you're all up in and got there talking bout me
You're trying not to let the first tear fall down
You're trying not to think about turning around
You're trying to get lost so you turn on the radio and
the song goes...

I can't live without you, I can never doubt you baby
I can't never doubt you, I can't never doubt you baby,
baby

Chorus:

The highway won't roll you tonight
The highway don't know you're alive
The highway don't care if you're all alone
But I do, I do.
The highway won't dry your tears,

The highway don't need you here,
The highway don't care if you're coming home
But I do, I doo
I do, I doo
I do, I doo
I do, I doo
Alright
Yeaaaaahh
