No I'm not the man I used to be lately  
see you met me at an interesting time  
and if my past is any sign of your future  
then I should warn you 'fore I let you inside

Hold on to whatever you find baby  
hold on to whatever helps you through  
hold on to whatever you find baby  
I don't trust myself with loving you

I do my best to act like she doesn't phase me  
as if I pull girls just like her all the time  
I even waited seven days 'fore I called her  
but she can play this game much better than I

See I've got girls in every state, now they hate me  
because I'm leavin' just as fast as I came  
and if my past is any sign of my future  
i'll probably end up not remembering her name

hold on to whatever you find baby  
hold on to whatever helps you through  
hold on to whatever you find baby  
I don't trust myself with loving you  
She deserves better  
be-better  
better  
better than me  
better than me  
said she deserves better  
be-better  
better  
better than me  
said she deserves better  
woah, btter than me  
said she deserves better  
woah, better than me

Hold on to whatever you find baby  
(hold on, hold on)  
hold on to whatever helps you through  
(don't let your feelings fade away)

hold on to whatever you find baby  
(I don't know what's wrong with me)  
I don't trust myself with loving you

Cause I'm not the man I used to be lately  
Yeah you met me at an interesting time  
And if my past is any sign of your future  
Then I should warn you, warn you 'fore I let you inside

Hold on to whatever you find baby  
Hold on to whatever helps you through  
Hold on to whatever you find baby  
I don't trust myself loving you
