[Verse 1:]

It's 3:45 tell me I'm Okay thoughts flying in and out my head...

It's 4:45 I'm still awake staring at this ceiling in my bed...

Hand on my solo...

That's almost empty...

Everybody loves me...

Hit me with Benzes...

But who I tryin' to kid now...

Need to put this shit down...

People I don't even know tell me how to live now...

[Chorus:]

I'm Lost On A Road...

But no one even cares...

No one left to call...

No one even there...

Nobody at all...

So I'm...

Losing Up My Mind [3X]

Losing It [2X]

Losing Up My Mind [3X]

Losing It [2X]

Losing Up My Mind [3X]

Losing It [2X]

[Verse 2:]

Walking around...

Looking for a way...

But no one tells me which way to go...

There's people around...

People say my name...

But some how I'm still all alone...

Hand me a cigarette...

Don't care bout no cancer...

Call up my girl friend...

She doesn't answer...

So I'm own my own now...

Green in this bowl now...

Pedal to floor now...
I need to slow down...

[Chorus:]
I'm Lost On A Road...
But no one even cares...
No one left to call...
No one even there...
Nobody at all...
So I'm...
