[Intro: Mike Posner]

Uh, alright

I'm on my way to OshFest

[Verse 1: Mike Posner]

Same girl rubber fitted, right

From my first mixtape (breakup)

Same best friends with me

Without close-up Jay

And they treat me the same as they always did

Still on them making beats in my dorm-room shit

Alright

I'm just a hip-hop kid

I never really thought it would get this big

Okay, uh

Couple dollars in my pocket, just watching up at them

All the girls saying I'm cute

And no more Pa' sittin' with them and looking,

And thinking that this could be my substitute, uh

[Hook: Mike Posner]

But It's the same shit, different day

Isn't that I came up, I feel the same

I'm just tryin' to live,

Na, na, na, na

Just tryin' to live,

Na, na, na, na

I got a dime bag, and a dime

She on my right arm, I feel alright

I'm just tryin' to live,

Na, na, na, na

Just tryin' to live,

Na, na, na, na

[Verse 2: Blackbear]

Same shit I'm on my own now

Still rocking, Young and Reckless

I changed my number from my hometown

But every time they text it, they call me a saint

They always did, just moved to Hollywood, tryin' to
write me ahead (I'm rock hard)

I'm just a punk-rock kid

I never really thought I'd be on Posner shit
I'm still the same, but I got some money on the side
But I bet that all the girls say that I'm fly
My crew is wild, and I'm just smiling cause momma
repaid on time

[Hook]

But It's the same shit, different day
Isn't that I came up, I feel the same
I'm just tryin' to live,
Na, na, na, na
Just tryin' to live,
Na, na, na, na
I got a dime bag, and a dime
She on my right arm, I feel alright
I'm just tryin' to live,
Na, na, na, na
Just tryin' to live,
Na, na, na, na

[Verse 3: Mike Posner]

I'm playing babes, beats and basketball
That's really all I ever do
Till I pick-up my suitcase,
Another tour starts, I'm in a city near you
That's babes, beats and basketball
That's really all I ever do
Till I pick-up my suitcase,
Another tour starts, I'm in a city near you

[Hook]

But It's the same shit, different day
Isn't that I came up, I feel the same
I'm just tryin' to live,
Na, na, na, na
Just tryin' to live,
Na, na, na, na
I got a dime bag, and a dime
She on my right arm, I feel alright
I'm just tryin' to live,
Na, na, na, na
Just tryin' to live,
Na, na, na, na
