Excuse me, your heart is in my heart
Hello, you've taken this too far

Am I just a piece you push in your board game?
Have you been laughing all day long?
You like it when it's hard for me to see straight
You make it go on and on and on and on and on

Save your goodbye
You're everywhere I go
You're everywhere I go
You're everywhere I go, go, go

I beg your pardon, you're standing on my love
Hello, have you not had enough?

But am I just a piece you push in your board game?
Have you been laughing all day long?
You like it when its hard for me to see straight
And make it go on and on and on and on and on

Save your goodbye
You're everywhere I go
You're everywhere I go
You're everywhere I go, go, go, go, go

Save your goodbye
You're everywhere I go
You're everywhere I go

You're everywhere I go, go, go, go, go

Yeah, it's my time to shine and my sword is true
You're back inside my mind, I can still remember
I say I'm chasin' dreams but you know
I've been runnin' away from, runnin' away from you

Some sort of comfort in your pain, I can't help but take
it
No matter how I change there'll be no escapin'
I say I'm chasin' time but you know
I've been runnin' away, runnin' away from you

Save your goodbye
(Save your goodbye, save your goodbye)
(Save your goodbye, save your goodbye)
You're everywhere I go
You're everywhere I go
You're everywhere I go, go, go, go, go

Save your goodbye
(Save your goodbye, save your goodbye)
(Save your goodbye, save your goodbye, save your
goodbye)

You're everywhere I go
You're everywhere I go
You're everywhere I go, go, go, go, go
