We were young
We were never growing old
And the glitter was stil gold
The way it used to be
It was love, it was easy just to smile
It was easy for a while
The way it used to be

But even stars they fade
And colors turn to grey
I miss yesterday
And the way it used to be
I cant turn back time
Even if I tried
I miss you tonight
And girl I miss the the way it used to be

Look at you
You've got the life, the pretty house
But you must still think about
The way it used to be
Is it real, he dont love ya like I do
Can we just go back to
The way it used to be

Cause even stars they fade
And colors turn to grey
I miss yesterday
And the way it used to be
And I cant turn back time
Even if I tried
I miss you tonight
And girl I miss the the way it used to be

Woah, woah, woah

And girl I miss...

Look at us, just look what we've become
Just a shell of what was once
The way it used to be

Even stars they fade
And colors turn to grey
I miss yesterday
And the way it used to be
And I cant turn back time
Even if I tried
I miss you tonight
And girl I miss the the way it used to be

And girl I miss the the way it used to be

And girl I miss the the way it used to be
