How, how can i
How can I be back here again
It was just the other day.

That i, I said i
I said I would be moving on
Seems to me I'm going round and round
It's the only way I know.

Every road that I take is the same
Everyway I go, everyday I go
Leading me back the way I've just come
Every road that I take is the same
Don't be sorry please, don't you worry please
I will be back again very soon.

Then, when I know
I know that I have stayed too long
And there's nothing left for me to say
So I'll be on my way

Every road that I take is the same
Everyway I go, everyday I go
Leading me back the way I've just come
Every road that I take is the same
Don't be sorry please, don't you worry please,
I will be back again very soon.

Follow me now, wherever I go
Follow me now.
