I suppose you think I'm crazy
I suppose you think I'm mad
You will never understand
Why I'm alone, oh I'm alone, but i

Such a lot of information
Such a lot of useless talk
And there is no way to avoid it
So I'm alone, oh I'm alone, but i

I don't think I wanna know...

I don't think I wanna know
And I don't think I wanna know

Ask all the questions
Answer all the lies
Many men have told me
That you wouldn't be surprised
I'm so alone, I'm so alone, but i

I don't think I wanna know...

I don't think I wanna know
I don't need this information
Information...

But I think I'll find an answer
If you'll just give me the chance
There are people in the world today
Who won't even question that
They don't need this information

And now I'm asking you, the only way I know
And you are telling me you cannot keep control
If you think of me
If you think of me the way I am
If you think of me and what I mean
If you think of me the way I ask you now

I don't think I wanna know...

I don't wanna be another fool...
