Did you ever wonder
Just who's in control
Underneath the surface
Feel a different world
I feel the knife in my shoulder
But it doesn't hurt at all
I'll still be the loser
Whichever way I fall
It's just a dream that I had and I'm making a big
mistake
It's just a dream that I had and I'm making a big
mistake
It's just a dream that I had and I'm making a big
mistake
It's just a dream that I had and I'm making a big
mistake
I don't think you care
Just what's goin' on
They get some information for you
Don't stay too long
I can do what I want to
And I could say what's in my mind
I've gotta make some decisions
I'm running out of time
It's just a dream that I had and I'm making a big
mistake
It's just a dream that I had and I'm making a big
mistake
It's just a dream that I had and I'm making a big
mistake
It's just a dream that I had and I'm making a big
mistake
It's just a dream that I had and I'm making a big
mistake
It's just a dream that I had and I'm making a big
mistake
