Close my eyes now I see it clear
Everything that once was black
Open doors to another place
Where I've only been in dreams

Get up and go
Now that you know
You don't wanna stay anymore
It's never too late to change
Your fate but you gotta walk
Out the door

Pack your bags
Think of yourself
It is all that you need
Nothing matters
But what lies ahead
You wanna go

'Cause you're always dreaming
Of one day leaving
And finding a better place
You say you mean it

And you've seen it
So now it's all up to you

Do what you want
Say what you like
Nothing should stand in your way
Don't change your mind
Don't look behind
Get up and do it today

Take the first step
Out through the door
Now there's no turning back
Leave the keys you don't need
Them anymore you're on your own

Open eyes I am so alive

I can taste and feel again
From these heavy chains I have
Broken free now my wings can
Soar again
