"Never Give Up"

I'll never give in, I'll never, ever give up
You come around here you forget how to act
Slinging your fiction off of the rack
You put up a front to hide what you lack
I just laugh at your pathetic attack
I'll never give in, I'll never, ever give up
Your role models, they sold you lies
They told you it's cool to drink and get high
It doesn't pay to be someone who buys
Into the hype, open your eyes
I see you, I hear you, I watch your parade
And I see right through the choices you've made
You have no self respect but you're getting paid
There's some things in life I'll never trade
I'll never be bought, I'll never be sold
I'm glad to walk out here in the cold
I don't have time to watch the drama unfold
I've seen enough and it's getting old
I'll never give in, I'll never, ever give up
