You'd better step back and get out of my way
Get out of my way
Get out of my way man
You're a lightweight you've got nothing inside
You shake my hand but you hide from my eyes
You tell me it's gonna' be all right
But that's when you pull out your knife
You'd better step back and get out of my way
Get out of my way
Get out of my way man
I've come up against worse than you
I'm still standing and I'm coming through
Do you really think that you can hang with me?
I'm a steamroller of reality
You'd better step back and get out of my way
Get out of my way
Get out of my way man
What the hell were you thinking?
Did you really believe I would just lay down and die?
Well now you can see things are coming back the other
way
I'm gonna' turn the predator into the prey
