Brain Dead
So Brain Dead
Yeah Brain Dead
You're Brain Dead

You're a flat line baby
Turn a blind eye baby
You're a good sheep honey
Blending with the herd
Now go to sleep - believing every word

You don't think baby
And you don't blink baby
You live the lie
Where is your soul?
Never asking why - stick your head in a hole

Brain Dead
So Brain Dead
Yeah Brain Dead
You're Brain Dead

You live in fear baby
Refuse to hear baby
Your inner voice
Gotta brain washed mind - cluttered with noise
Got yourself in a bind

Brain Dead
So Brain Dead
Yeah Brain Dead
You're Brain Dead
