I just want to be left alone
I don't need you after me
I know my way back home
So please go away and let me be

And I'll drink what I want to drink
I don't need your ball and chain
I'll think what I want to think
And I think you're all insane

I just want to be free, I just want to be me
Why is hard to see? I just want to be free

What's up with all your rules?
Telling me it's time to breathe
You're nothing but a bunch of fools
I gotta go (yeah) it's time to leave

And I can go where I want to go
Don't stare and watch me eat
I know what I need to know
And by the way (yeah) - you're in my seat

I just want to be free, I just want to be me
Why is hard to see? I just want to be free
