Keep down by the ones who sat by your side
Guts blushing on a night shadow lonley pize
In the house with no home, cut to size
Hoplessly divided
I bent down into the knife
In the path of my foes, left to die
Visions of the highway
I bent back into the light

Well your god won't smile
And your conscience can't sleep
Someone in the wind as fire flies
Against your sheild
What if I killed you all
Would it build me up
Someone in the wind as fire flies
Against your sheild

Ten seconds till the blackout parts with his crime
Got money don't buy in, don't buy the light
In the house with no home, cut to size
Hoplessly divided
I bent down into the knife

Well your god won't smile
And your conscience can't sleep
Someone in the wind as fire flies
Against your sheild
What if I killed you all
Would it build me up
Someone in the wind as fire flies
Against your sheild

Lay down, got rythem
Where trying to find it
On stage like a luminous gunner
Where trying to find it

Well your god won't smile
And your conscience can' sleep
Someone in the wind as fire flies

Against your sheild
What if I killed you all
Would it build me up
Someone in the wind as fire flies
Against your sheild
