I call her miss miss cause if I could I would,
Be with her and she put it down like a mac
And I spit that good game to her so now bring it back
So she got a blush and she lookin so cute
Like a crystalized fruit in her fresh bikini suit
And I saw her at the club shawty what it do
If you wanna roll with me baby lemme come thru
And uh she knows whenever I spit, I put it in a trance
And then she in a (falsetto)

I know you aint in the mood for nothin
You sick of the lame talk, bigg daddy kane walk
Here's my buisness card, look I got game talk
Them suckaz is lame, I see what you stuck
The way that I walk by, the dirt that I brush off
And now she tellin her homies that I'm the real deal
Look at you, it seems so surreal
I got you... I got you
And I aint releasin
I aint decievin
It's all for a reason
Cause, baby girl you're the stones in my crown
Without the shit baby amd how we get down
They know, how we do, how we roll, how it goes
Lemme introduce to you my bank roll
And I say this cause I soon gotta go
And now I got her talkin like this in a falsettoo

[Chorus - Mikey Jay & The-Dream] [3x]

In a falsetto
She like ooh ooh baby
Aah aah aah aah
