[Hook:]

One two lace up my shoes
3 to the 4 when I stepped out the door
5 6 kick a lil somethin with the cool kids then we do it
again
It's like One two lace up my shoes
3 to the 4 when I stepped out the door
5 6 kick a lil somethin with the cool kids then we do it
again

[Verse 1:]

What it is what it is come check the noise
It's the new black version of the beastie boys
Chuck-ie mikey some dudes don't like me
Don't care I'm dope they lame so bite me
Find a rock to kick or a bridge to jump off
I'm popular and you not (yessir)
I'm on the dyno with the black mags
Smooth as the vinyl in the black bag
Stumble like the whino with the brown bag
In his right hand around town again
I am keepin cool like it's goin outta style
Stickin to the program kickin it with no hands (kickin)
That's what I do been doin it for a while
Homie not a wack thread on me
Size 10 jedi's obi wan kenobi
And I'm aniken
And I'm ramblin
So bladabladabla to the chorus and

[Verse 2:]

Chuck was dope but chuck is cold
As a ice cream cone in a ice land snowstorm
Feelin like a ceiling fan blowing out the window
Midway city is the city where wind blows
Fairly cold, fridegerator buried with a little bit of gold
'85 bears jersey
Infra red spike lee jordan number fours
Bow for a second then I pause for applause

Check it out if it's froze let it thaw
Let it rain clear it out that's the proper protocol
When I steps on the court with the ball on the floor
You dribbilin around just bein a ball hog
(Uh) I got my kicks out my locker
If I ain't got the shot then I dish to my partner
Step behind the arc I cross I Byron Scott-er
If you want it I got it drippin like water
