[Spoken:]

Ha ha ya'll know what it is

DJ Benzi

Act right or we coming to get it

[Mikey:]

Yo check it

Hey yo the disk in

We sittin

I'm listenin

We listenin

The disk out at 6-10

We dip out

After a 14 year oldie

A shorty appoached me

With gold teeth I said

"What's in your mouth? "

And now my fingertips tippin

On the button of ignition

And the mission is to fix the

Transmission and the pistons

You now I'm on a roll

Like the man of the michellin

The Go is my home but

My man is from Michigan

And when I'm fishing for

A line out my brain spawn

Know I'm the man for the mission

Like James Bond

Eating Won Ton soup

On top of mt. Fuji

Do who be who

Got this track sewn

Like a coogi suit

Hula Hoop

Hop thru it

Just like a poodle do

Medulla Oblongata is a noodle

Just another term

I'm the early bird

And the trees

Your another worm  
He's so cold he could freeze in a ton of fur

[Chorus:]

Yo Yo what up  
'Ey bro what's up  
You got it like that  
You got it like wha-what  
This like that like this this and a  
Get down with it or get get your hands up  
(Rocking like a dollar we all got room)  
[X2]

[Chuck:]

I'm riding through Bel-Air  
Like Uncle Phil  
Lil jeff  
Philly eagle willing cunningham  
Jersey number 12  
And ain't no way in hell  
Chuck he can undersell  
I'm selling water at a well  
I put that water in that bell  
They called that bottled water  
They call that bottled water pardon all your beg your  
pardons  
Freshest letucce in the garden  
Not saying that the carrots ain't fresh tho  
Say hablo ingle chucky del fresco  
Yes no maybe so  
Pay me dough  
Cause I get it moving like big as sail  
On a baby boat  
So it ain't no way  
That I can't be dope  
Olympic sevens with that  
Olympic sevens with that expo starter coat  
Or the chalk line raiders jacket  
I'm like neon de'on  
Cause you all know bo jacksons  
And I know that  
You too should know that  
We don't need practice  
All net from where a throw at

[Chorus]
