The wisest words I ever heard  
Came with a gentle wind  
Though it didn't hit me then  
It made no sound  
Til no one was around  
This it blew me to my knees  
And handed me the keys  
Go, just go where the peace is  
You always know if you seek it  
Go, just go where the peace is  
You always know if you seek it  
I know the truth  
I can show it to you  
Or anybody else  
But can't apply it to myself  
I already know which way to go  
If I stop and breathe the air  
The answer is right there  
Go, just go where the peace is  
You always know if you seek it  
Go, just go where the peace is  
You always know if you seek it  
You can fight  
You can try with all your might  
It may be the hardest thing  
But it's the only way to peace  
Close your eyes  
Count to ten  
Take a deep breath and try again  
You have access  
By one Spirit  
Go, just go where the peace is  
You always know if you seek it  
Go, just go where the peace is  
You always know if you seek it
