Verse 1:

I wish I never woulda left you, Lord knows I never really meant to,
I wanted more, wanted something brand new
But I gave in and let everybody blame you,
If I could have one wish today..I'd run it all back and let it all replay.
I was heartless, no need to say..and I don't even care if you can ever forgive me..

Hook:

When you fall in love, you never know:
If its for real, or if its all for show.

Chorus:

I'll spread my wings and I'll fly away,
and say whatever the hell you want me to say..
but listen girl: you are my world, my everything
I'll do whatever it takes to show you the way, I'm exactly where you want me to be
But I promise you, I'll stay true..
BeLIEve in Me.

Verse 2:

You don't trust me like I think you should, you second guess me likel knew you would
and I know its how you do things, settle down; just put it all on me.
Wish there was someway I could make you see,
I'm not going anywhere unless you make me.

Hook:

When you fall in love, you never know:
If its for real, or if its all for show.

Chorus:

I'll spread my wings and I'll fly away,
and say whatever the hell you want me to say..
but listen girl: you are my world, my everything
I'll do whatever it takes to show you the way, I'm exactly where you want me to be
But I promise you, I'll stay true..
BeLIEve in Me.

Bridge:

She said 'I love you but you need to stop, your
insecurity is tearing us apart and i know..that you dont
mean to, but sometimes it just goes so far..I'm just not
happy and neither are you''

Chorus:

I'll spread my wings and I'll fly away,
and say whatever the hell you want me to say..
but listen girl: you are my world, my everything
I'll do whatever it takes to show you the way, I'm exactly
where you want me to be
But I promise you, I'll stay true..
BeLIEve in Me.
