Rain rain, go away..come again some other day.
Rain rain, go away..don't show us your ugly face.

So say Goodbye To Sunny Skies
this guy..he swept away your reality
like the inner eye of a hurricane
but I know better
that you're loved forever.

And the memories
run like flood waters
down the city streets
some people love,
some people hate me
thats just reality
you'll learn your lesson

hope regret s all you'll ever see
I think its safe to say we have had enough of you
so prove us wrong show us all what umbrellas do..

Rain rain, go away..come again some other day.
Rain rain, go away..don't show us your ugly face.

So say Goodbye To Sunny Skies
this guy..he swept away your reality
like the inner eye of a hurricane
but I know better
that you're loved forever.
