The world is mine, mine, mine, mine,?

When I walk on the city's roads
And the people are shades of skills
Close my eyes and look around
Take a glance at my heart
I can't tell what's going over me
Since I saw you last night dancin'
Now I know my life came to the point
That the world is you

When I walk on the city's streets
And the racing cars seem so still
Close my eyes and black my mind
Take her home on my heart
Is my feeling gettin' through to you?
Can you hear what is the message?
I can feel and breath it in the air
That the world is you

Barcelona yo tengo corrida en la plaza de toros
Now in New York I'm singing for you, oh, oh, oh
Tour Eiffel Ã Paris, moi, je t'aime, Moulin Rouge, mon
amour, oui
But in London the Big Ben is time, oh, oh, oh

The world is you and you are my world, girl
The world is you and you are my world
(Your world is mine)
The world is you and you are my world, girl
The world is you and you are my world

When you cry you call on me
And the timing is not so right
I will not turn my back on you
Though the moment is hard
People dancing on the other side
Of a rainbow coloured disco
I'm alone with you, and to my eyes
The world is you

When I walk on the city's roads

And the people are shades of skills
Close my eyes and look around
Take a glance at my heart
I can't tell what's going over me
Since I saw you last night dancin'
Now I know my life came to the point
That the world is you

Barcelona yo tengo corrida en la plaza de toros
Now in New York I'm singing for you, oh, oh, oh
Tour Eiffel Ã Paris, moi, je t'aime, Moulin Rouge, mon
amour, oui
But in London the Big Ben is time, oh, oh, oh

The world is mine
The world is you
