"Two For Love"

Look the size of the sea
With the sun on the waves of your love
You can let it inside you in the middle of dreaming

Put your head on my shoulder
Touch my hands, makes you feel soul was on
You are mine and my heart, babe, is burning like fire

We, together, can cast away the fears
And we can strip down the bad years
We, forever, can walk with the tears
This is the moment of truth

REFRAIN:

Two for love and love for two
The moon is high and the sky is blue
Two for love and love for two - forever

Two for love and love for two
The moon is high and the sky is blue
Two for love and love for two - forever, forever

Passion fly with the wind
Take my soul, fantasy and my time
Your kisses string around my life
We are winners together

We, forever, can be one together
Can climb with tears the mountains
We, together, a unit for love
Sailing the seas of the world

Two for love and love for two
The moon is high and the sky is blue
Two for love and love for two - forever

Two for love and love for two
The moon is high and the sky is blue
Two for love and love for two - forever, forever

Two for love a-ha, a-ha
Two for love a-ha, a-ha

Two for love (two for love)
(Two for love)
