Flat paint not a scratch or a stain  
And it's smoking  
Shifting in the turbo here we go  
Now it's drifting  
Four tires burning up the strips  
Gearshifting  
Donuts on rims  
Wheel gripping

Flip the switch and the rattle in the trunk knocking  
Like your neighbor when your dog keep coming in his  
yard  
Whip it hard on the steering wheel  
Grill like a great white shark mouth  
Roof rack and all of that is intact  
Smooth sailing cruise easy with the new champs  
I wouldn't buy your new album with some food stamps  
Man you know how I serve it, I'm swerving  
You nervous cause you ain't got no plug like a new  
lamp

It's the dirtiest wordiest rap kids  
Rap trap doors open up like a drawbridge, on my car  
Kitted down fitted leather muzzle on headlights  
Give it like fifteen minutes on the  
The traffic might calm down  
They say I'm the nicest and the like my style  
I'm in tune you didn't know, You might know now  
Got cats that never heard me sayin' they like my sound

Flat paint not a scratch or a stain  
And it's smoking  
Shifting in the turbo here we go  
Now it's drifting  
Four tires burning up the strips  
Gearshifting  
Donuts on rims

Wheel gripping

Whip it work that steering wheel turn  
Work the retail price down size for the originals

Details might put a set on there tonight  
Roll right by you what you finna do?  
The motor vehicles gripped and comes fully equipped  
and loaded  
This ain't subliminal this is real as it gets  
You could point us out there where ever it is  
The livest front page news story at six  
So you can see what we did  
So you can copy again - umm  
And don't think we ain't noticing  
I'm coming back for all that  
Don't say we ain't warn you  
And I just giving notice of severe storm warnings

I'm in the house there's a tornado coming  
Roofs gone, tops off, let's roll cause it's sunny yo  
T-top, muscle cars, turn up you stereo  
Roll the window down - loud - there you go

Flat paint not a scratch or a stain  
And it's smoking  
Shifting in the turbo here we go  
Now it's drifting  
Four tires burning up the strips  
Gearshifting  
Donuts on rims  
Wheel gripping
