You're now listening to one of the best  
Still in existence  
Its in the bag like trick-or-treat  
You trick me once and I knew it was me  
You get me twice like two in a week  
I wouldn't fall for it  
Though I wouldn't chase a ball for into the street  
I let it roll right baby  
And we can hear the sock cop  
Maybe in the drop top hot rod Z  
My pops rock so the apple lay far from the tree  
A stop watch couldn't clock the speed  
To get me from a to z without breaking a sweat  
So pass the blueberries I ain't had none yet  
Yes we dogs racin' ladies placin' their bets  
I just walked in, a pair of parrots start talking  
Its two birds with a simple mind kind  
I was loud I knew they type line by line  
A little Buddha might cloud my mind but I'm listenin'

Strawberry girl hanging when its sunny  
I see you in the summer when I spend up all my money  
Blueberry girls wanna get down,  
they love the sports car wantchu drive around town  
Peach tree girls, a couple down south  
Wanna ride shotgun whenever you're in town  
You're a honey dew melon you ain't brown when I'm  
sellin' right?  
Probably cause you come around when you feel like

The girlies stepping to me, they wanna get some  
My name is chuck so uh, you know the outcome  
I'm out done I out ran all the not hot ones,  
Hands up that is not my gun  
Dart gun blowin' over heart thub  
(Look a mirror??) hard top like a yellow suede air force  
ones  
On the pedal that you pushin', push it push it real good  
Pick you off the tree try to see if this feels good  
Cuz I know it feels great, better than I thought  
Before I spend up all my money like look at what I

bought  
Shit, not me, no mam' not I  
TI said you could have whatever you like  
Not me I'm not mean take whatever you see  
Whenever you're free, I'm going to the beach  
Put my feet up, Then I blow wind in the trees,  
You know you feel the cool kids  
They cool as a breeze
