"Give It Away"

Visit "[Give It Away](#)" on MotoLyrics.com

The path of least resistance
Has always been your way
No excuses/No backdoors
Just for one day

Your laziness is wasted
Wasted, burned and cold
No excuses/No backdoors
Just for one day

Give it away now Give it away now
Give it away now Give it away now
Give it away now Give it away now

Give it away now Give it away now

When overdose is routine
Routine makes me strong
No excuses No backdoors
Just for one day

Give it away now Give it away now
Give it away now Give it away now
Give it away now Give it away now
Give it away now Give it away now
