VERSE ONE

You might seem like heaven on earth
To all the women who don't know you
And you milk that for all it's worth
Till they finally get a clue

That things ain't all that perfect
Under your hood
But that's so easy to overlook uh uh
When one smile was all it took
For me to come roaring
Ready in hot pursuit

CHORUS

Cuz it ain't no fun chasin after you
If runnin away's all you ever do
So I gotta give up
Gotta give up sometime, baby

It ain't no fun chasin after you
If runnin away's all you ever do
So I gotta give up
Gotta give up sometime, baby

Gotta give up, gotta give up
Gotta give up sometime, baby don't you think?
Cause you can push a horse to water
But you can't make it drink

BRIDGE

I guess you think I'm blind to what is on your mind
Darlin, I think you're havin too much fun
Bein' always on the run away from me
Leaving me behind that's not how's't suppose to be
While you might be gettin your kicks
It's finally hit me like a ton of bricks

That things ain't all that perfect
Under your hood
But that's so easy to overlook
When one smile was all it took

For me to come roaring
Ready in hot pursuit

CHORUS

Cuz it ain't no fun chasin after you
If runnin away's all you ever do
So I gotta give up
Gotta give up sometime, baby

It ain't no fun chasin after you
If runnin away's all you ever do
So I gotta give up
Gotta give up sometime, baby

Gotta give up, gotta give up,
Gotta give up sometime baby don't you think?
Baby don't you think?
Gotta give up, gotta give up
Gotta give up, I gotta give up
I gotta give up
Ohhoo oohhoo ohhoo uh uh
So I gotta give up
Don't you think?
Cause you can push a horse to water
But you can't make it drink.
