You're never standing  
Head against the wall  
In the backyard  
Kiss of ambition  
Is not enough yet  
Is it over  
It hasn't started anyway

You've been trying  
Trying so hard to be lucky  
Tell yourself  
You're not alone here  
Shake hands  
In dignity

I was born, yes born  
With a silverspoon in my hand

You're never standing  
Head against the wall  
In the backyard  
Kiss of ambition  
Is not enough yet  
Is it over  
It hasn't started anyway

You've been trying  
Trying so hard to be lucky  
Tell yourself  
You're not alone here  
Shake hands  
In dignity
