Well I believe in love, but not the kinda screws you up,
no!

I believe in time and chance, cuz I'm not one for
making plans

I believe in moving on when sentimental and love is
gone

But if I'm crying over you

I won't lie even it's hard to do

When you turn around I'll be gone and I mean goodbye

I see you in another life

I see you in another life

I don't know here I'm going but when you turn around
i'll be gone and I mean goodbye.

I believe in love but not the kinda breaks you up, no!

I don't regret the day I felt

Kiss the life, I wish you well

But if I'm crying over you

I won't lie even it's hard to do

When you turn around I'll be gone and i mean goodbye

I see you in another life

I see you in another life

I don't know here I'm going but when you turn around
I'll be gone and I mean goodbye.

Well I know you're full

full of good intensions yeah

But that don't change a thing cause I'm already out of
head.

When you turn around I'll be gone and i mean goodbye

I see you in another life

I see you in another life

I don't know here I'm going but when you turn around
I'll be gone and I mean goodbye.

I see you in another life (x2)
